EDUCATION

Illinois Institute of Technology

Master of Computer Science | **GPA 3.0**

Illinois, USA

2025

REVA University

B. Tech in Electronics and Communication | **GPA 3.4**

Karnataka, India

2022

PRACTICAL SKILLS

Technical : Java | Dart | Flutter | C++ | Python | HTML & CSS | JavaScript | SQL

Professional : Adaptability | Critical thinking | Communication | Problem Solving | Leadership | Teamwork | Decision Making | Detail Oriented | Time Management

Tools : Git | GitHub | MySQL | VSCode | IntelliJ

Languages Known : English | Urdu | Hindi | Kannada

PROJECTS EXPERIENCE

Weather App

- Developed user-friendly Weather App with real-time updates for current and favorite locations using OpenWeather API.
- Employed Flutter and Dart to build a cross-platform application. Integrated OpenWeather API to ensure accurate and reliable weather information.

Yahtzee Game

- Developed a cross-platform Single-Player Yahtzee game using Flutter.
- Implemented intuitive UI, game logic, and utilized Flutter's features.
- Technologies: Flutter, Dart.

Instagram UI Clone

- Cloned the Instagram home page, replicating its layout and visual elements.
- Technologies: Html, CSS

Face Mask and Contactless Temperature detection system

- Designed a system using IoT, Machine Learning, and contactless temperature sensors.
- Automated face mask detection and contactless temperature measurement.
- Applications in public spaces for health and safety screening.
